

SUMMER 2026

Dear Parents and Carers,

Please find attached your child's new summer 2026 menu.

Make sure to book your child's meal for their first day back; if no booking is made, we'll provide an emergency lunch bag. School offices and kitchen emails are intended for emergencies or same-day changes only—not for regular bookings. If you need assistance with logging in or registering, please reach out by email.

Our booking system closes at midnight, so you may book meals up until the day before. You can access our site at:

Booking site: <https://booking.lovefoodltd.com>

Order Amendments

To change or check your child's lunch order, contact your assigned kitchen directly. For help with account login or technical issues, please use the head office email or phone number provided. Contacting your kitchen is usually faster than calling head office. All necessary emails are included in this menu pack.

Dietary Requirements

If your child needs a menu that differs from what's advertised due to allergies, intolerances, or religious preferences, please get in touch to request a suitable menu. We will ask you to complete a form specifying your child's dietary needs.
