

Stanion C.E Primary School

Internet Safety Rules – Years 3-6

- Don't post any personal information online – like your address, email address, school details or mobile number.
- Think carefully before posting pictures or videos of yourself. Once you've put a picture of yourself online, most people can see it and may be able to download it, it's not just yours anymore.
- Never give out your passwords.
- Don't accept friend requests from people you don't know.
- Don't meet up with people you've met online. Speak to your parent/carer about people suggesting you do.
- Remember that not everyone online is who they say they are.
- Think carefully about what you say before you post something online.
- Respect other people's views, even if you don't agree with someone else's views it doesn't mean you need to be rude.
- If you see something online that makes you feel uncomfortable, unsafe or worried: tell a trusted adult immediately.
